POSTAL CODE —

WHAT IS IT?

The postal CODE, composed of six characters, is a permanent part of your postal address. In urban areas, it contains enough information to determine the destination of a letter right down to one side of a city street between intersections, and sometimes even further.

The CODE is composed of both letters and numbers, in the form of ANA NAN, where "A" represents a letter of the alphabet, and "N" a number. There is a space separating the first three characters, the Area Code, from the last three.

In urban areas, the Area Code describes an area roughly the size of 25 letter carrier routes. The last three characters denote a very small and easily-defined section within the area described by the Area Code. These characters can specify one side of a city block, an apartment building, an office building or a large firm or organization which does considerable business with the Post Office. They can also denote a service from a post office or postal station — rural route, general delivery.

In rural areas, the postal CODE indicates a specific post office.

The postal CODE will facilitate the sorting of mail, especially as mechanized sorting machines have become necessary to cope with growing mail volumes.

The *Motor Hotel* has the BIGGEST BEDBUGS in Town!

When a young advertising salesman suggested to a small town hotel proprietor he begin a schedule of Display Ads aimed at Local Patrons, he agreed that the suggestion had merit. He felt however that he could not afford large enough Ads and stated "Nobody Reads Small Ads."

The Adman disagreed and was so sure of his service that he offered to run a series of one inch Ads free of charge providing that he could write the copy. The innkeeper thought this request was reasonable and responded with an "O.K., but what are you going to say in my Ads?"

"Nine Words," said the salesman. "It will read: The Motor Hotel Has The Biggest Bedbugs In Town."

The hotelman shouted, "You'll drive me out of business!"

"But Sir!" said the salesman, "You said no one ever reads small ads."

***

People do read small ads. Many a large business started with small ads, and only because the Small Ads produced results were they able to become Big Advertisers. Don't put off telling people about your Products and Services just because you can't compete Size-Wise with large businesses. Discuss it with our representative. He'll have some good ideas for you.

Act now! Arrange for your Ad to appear in our next edition.

WORK STATISTICS

THERE WERE 3,400,000 WOMEN WORKING IN CANADA AT THE END OF 1974. THIS IS 34.4% OF THE LABOUR FORCE.

Of these, 58% were married, 32.5% were single, and over 9% were widowed, divorced or separated.

Working women have less time to watch television or read magazines and newspapers. They must spend more money on clothing. Many drive their own car.

In addition, households in which women work have 25.5% higher gross incomes with more money to spend on labour-saving devices and vacations.

THOUSANDS OF WOMEN USE CITY DIRECTORIES EVERY DAY. ARE YOU GETTING YOUR MESSAGE TO THEM? WHY NOT SET YOUR AD IN A WORKING SITUATION?

ACT NOW!
ARRANGE FOR YOUR AD TO APPEAR IN OUR NEXT EDITION.

PREFACE

The Publishers in presenting their Third Edition of the TOWN OF LINDSAY Directory, thank the citizens in general for the liberal support and co-operation given. The Directory will be found accurate and up-to-date in every detail.

For the first time, postal codes have been included in the street directory (pink section). They are prominently located after each street intersection description and shown in italics.

This year once again the names are listed in order of telephone numbers. This Numerical Telephone Directory is printed on blue paper and we feel that it will greatly increase the usefulness of the directory to our subscribers. Telephone numbers are also listed by house address in the Street Directory.

Our estimate of the population of the Town of Lindsay and the outskirts, is 13,500.

VICTORIA COUNTY

POINTS OF INTEREST

Champlain's Portage—Highway 46 is Portage Rd. from Bolsover through Kirkfield. Champlain's party, including Etienne Brule, took this route while exploring in 1615.

Old Monck Road—was built as a military road after the war of 1812-14 to provide an overland route from the Ottawa River to Lake Simcoe and Old Yonge St. You may travel from Kinmount to Sebright on it. (Now Hwy. 503).

Lift Locks—at Kirkfield, where a boat may be safely lifted 48½ feet to continue on the Trent Waterway System.

Falls at Fenelon Falls—named after a Suplician missionary, first settled in 1841.

McDonnell Park—Lindsay—here a plaque commemorates the founding of Lindsay by William Purdy and his sons who built a saw and grist mill on the Scugog River in 1828.

125 year old church—at Fenelon Falls over 125 years ago an Anglican Church was built.

Historical plaques at Fenelon Falls—dedicated to James Wallis who in 1834, with Robert Jameson, built a sawmill and later a grist mill where Fenelon Falls stands today. About the same time John Langton built Blythe House near Fenelon Falls.

Sturdy Sycamore Trees—In Lindsay are the only Sycamores growing this far north in all of North America.

Reforestation—of interest to the conservationist is County Reforestation taking place in Somerville, Laxton and Emily Townships.

Bobcaygeon—Monument commemorating the construction of the first Bobcaygeon Lock in 1839.

County of Victoria Museum in Lindsay, and a municipal museum at Fenelon Falls. A good collection of pioneer tools and furniture gathered in their vicinity.

Parks—There is an excellent Provincial Park at Omemee, and also between Kirkfield and Coboconk, a County of Victoria Park near Bolsover, another park in Mariposa and both park and pool in Verulam Township. Near Fenelon Falls on Cameron Lake is another pleasant Tourist park. Kawartha Park in Lindsay offers picnic grounds and pool. There is also a public park at Coboconk.

Landing fields for light aircraft at Lindsay and Bobcaygeon—Lindsay airport with paved runway and night lights . . . can service up to DC 3 size.

THE ACADEMY THEATRE IN LINDSAY. THE KAWARTHA'S ONLY LEGITIMATE SUMMER THEATRE PRESENTS LIVE STAGE PERFORMANCES NIGHTLY DURING JULY AND AUGUST

VICTORIA COUNTY

In the part of Ontario known as the Kawartha Lakes, you will find the history and romance of nearly 350 years of Canada.

Samuel de Champlain first discovered its beauty in 1615, when the Courier de Bois portaged through its dense forests and paddled and fished its lakes and streams.

Victoria County is still richly endowed with nature's most precious gifts — a year round playground with picturesque lakes and woolands, rolling hills, farm country and sunny beaches.

Victoria County is accessible from east or west by Highway No. 7 which can be reached from Highway No. 401 on Highway No. 12 at Whitby or Highway No. 35 which travels the length of the county from Newcastle on Lake Ontario in the south to Haliburton and Lake of Bays in the north.

HERE'S HOW

Capitalize on New customers' enthusiasm

Obtain better prospects

Reduce travel time

1 When someone buys your product or service, they become the greatest advertiser you can possibly get because: They are using your product or service . . . they are enthused . . . they know all about you, your product, your company . . . they like you . . . they are talking about you and your product! You can capitalize best on this satisfied customer's enthusiasm by contacting his neighbours who are hearing about you and seeing your product in use. These neighbours are . . .

2 Better prospects! They want new things too . . . they want to keep up with the neighbours . . . they are in a buying mood! Contact them while your satisfied customer is talking about you . . . while his enthusiasm is highest. He can help you sell!

3 Turn costly travel time into productive selling time by concentrating your efforts on people who are ready-to-buy . . . THE NEIGHBOURS of your satisfied customers!!

The *Motor Hotel* has the BIGGEST BEDBUGS in Town!

When a young advertising salesman suggested to a small town hotel proprietor he begin a schedule of Display Ads aimed at Local Patrons, he agreed that the suggestion had merit. He felt however that he could not afford large enough Ads and stated "Nobody Reads Small Ads."

The Adman disagreed and was so sure of his service that he offered to run a series of one inch Ads free of charge providing that he could write the copy. The innkeeper thought this request was reasonable and responded with an "O.K., but what are you going to say in my Ads?"

"Nine Words," said the salesman. "It will read: The Motor Hotel Has The Biggest Bedbugs In Town."

The hotelman shouted, "You'll drive me out of business!"

"But Sir!" said the salesman, "You said no one ever reads small ads."

***

People do read small ads. Many a large business started with small ads, and only because the Small Ads produced results were they able to become Big Advertisers. Don't put off telling people about your Products and Services just because you can't compete Size-Wise with large businesses. Discuss it with our representative. He'll have some good ideas for you.

Act now! Arrange for your Ad to appear in our next edition.
